RUSSIANS ATTACK STAMBOUL FROM THE REAR

BATTERING AT THE EASTERN FORTIFICATIONS OF THE BOSPHORUS

IN THE MEANTIME, THE ALLIED FLEET AT THE ENTRANCE OF THE DARDANELLES RENEWS ITS ASSAULT

Petrograd, March 29.—The Russian Black Sea fleet has begun its long threatened attack upon the Bosphorus, eighteen miles from Constantinople. After driving back into the straits the Turkish fleet, it opened fire again Sunday against the forts on both the European and Asiatic sides.

A large Turkish ship which was cut off in the Black Sea and later tried to make its way into the Bosphorus, was sunk. This is believed to have been one of the vessels of the Turkish fleet, but the identity of the ship has not been ascertained.

The Russian fleet is believed to be continuing the bombardment of the Bosphorus forts today but the only information issued at the admiralty relates to the attack of Sunday.

ALLIED FLEET RENEWS ITS ATTACK

London, March 29.—The general bombardment of the Turkish forts along the Dardanelles was resumed at 9 o'clock Sunday morning by the reinforced Anglo-French fleet. For more than five hours, shells were hurled from the heavy guns of the international fleet against the Turkish forts on the narrow. The weather is excellent for naval operations and shells in indirect fire burst at the rate of three a minute.

The new defensive works which the Turks erected at Kum-Kale during the recent cessation of hostilities were set on fire.

About 11 o'clock, after severe fire against Kilo Bahr, the Turkish guns at that point became silent.

PAYS TO BE A PYTHIAN

Nathan Cohen Rescued from his Dire Predicament by His Brother Knights

New York, March 28.—Nathan Cohen, who, as an insane person, traveled more than 30,000 miles on a \$45 steamship ticket, because neither this country, from which he was deported nor Brazil, from where he emigrated, would admit him, has ended his travels. He was to have started back to Brazil on his fourth round trip aboard the steamer Vasari yesterday, but his friends took him off five minutes before the vessel sailed. They presented a stay to the order of deportation secured at Washington.

It was learned several days ago that a man by the name of Nathan Cohen was a member of the Knights of Pythias lodge in Jacksonville, Fla. A representative of the lodge came here and found out the Cohen detained aboard the Vasari was the same man. It was then ascertained that Cohen became insane after his entrance to this country as the result of a series of business troubles. Immigration officials at Washington thereupon granted the stay.

Cohen was taken to Ellis Island and will be released as soon as bond can be arranged.

SAME OLD STORY

BULLETS FROM MEXICAN GUNS FLYING ACROSS THE BORDER

Brownsville, Tex., March 28.—An unexpected attack from the south late yesterday caused the Villa forces to cease their attack upon Matamoros, opposite here, but in the meantime stray shots had crossed the border and slightly wounded two persons in Brownsville.

Two persons were struck by shots falling in the residence section. They were Mrs. Luciano Hajasola wounded in the foot and Jose M. Lopez, wounded in the arm. Numerous bullets are said to have fallen here.

SHOOTING MUST STOP

Washington, March 29.—The war department is considering sending additional troops to Brownsville to prevent the town being "shot up" by Mexicans, battling at Matamoros, across the Rio Grande. Villa and Carranza have been warned that firing into Brownsville will not be tolerated.

SHOOTING NEEDN'T STOP

No additional troops will be ordered to Brownsville, it was announced from the war department this afternoon. The squadron of cavalry, machine gun company and battery of field artillery there now is deemed sufficient.

AMERICANS HAD BETTER MOVE EAST

Brownsville, March 29.—Villa's forces are expected to begin to shell Matamoros shortly. This will greatly increase the danger on the American side. Only desultory firing today.

We will soon have all of our trains between Jacksonville and Washington equipped with these cars. These cars are of the latest type and will afford our patrons excellent service.

PLANT TO BE ENLARGED

The electrical supply plant of Mr. A. E. Gervais on South Lime street is shortly to be enlarged. The present facilities of the plant have been outgrown by the constant increase of business. It is also possible that the location will be moved from Lime street to a point in North Ocala more accessible to the four railroads entering the city. The plans for the new building are partly finished and work will probably be begun on it within the coming sixty days.

All varieties of seed corn; also millet and sorghum, now in and for sale by the Ocala Seed Store. 5-tf.

MEETING OF TWO GREAT MEN

Wilson and Taft Join in Paying Honor to the Women of the Civil War

Washington, March 28.—President Wilson and former President Taft were central figures here yesterday at the laying of the corner stone of an \$800,000 marble home for the American Red Cross, erected as a memorial to the women of the Civil War. They knelt together to spread mortar between the corner stone.

A distinguished gathering including members of the cabinet and the Supreme Court and officers of the navy and army attended the ceremony. Mr. Taft, Assistant Secretary Breckenridge, of the war department, Miss Mabel T. Boardman of the Red Cross and Justice Lamar, of the supreme court, spoke. The president personally supervised the laying of the corner stone.

Mr. Taft referred to the building as "a concrete evidence of the removal of the scars of our sectional conflict and of the complete union of the people of our republic." He praised the Red Cross as offering to "the people of the United States a certain and effective means of relieving human misery in their own country and in the world."

Moral Rather Than Physical

Mr. Taft declared the new structure would be a "memorial of the past and an earnest of the future," adding that "it is a recognition of moral rather than physical suffering, agony and service and therefore of a higher sacrifice even than that of men in war."

"It is a loving testimonial not only to the patriotism of women," he continued, "but to the silent tenacity of their gentle sympathy and affection for their fellow beings of whom the love of the mother, the sister and the daughter are types."

Miss Boardman gave credit to Capt. James A. Scrymser of New York for making the building possible. Capt. Scrymser gave money for the structure she said because the wife of one of his comrades in the Civil war, Gen. Francis C. Bartow, served as a nurse during the war.

Mr. Breckenridge and Justice Lamar praised the work of women of the North and South during the Civil war. Justice Lamar declared that the work of these women "was pre-eminently that which belongs to the home and the home and it is most appropriate that this monument to women should be a house."

Lee's Daughter Present

Miss Mary Custis Lee, daughter of the famous Confederate leader, Robert E. Lee, was present at the ceremony.

German troops stormed Taurigen, taking 300 prisoners and captured a thousand Russians in the district of Krasnopl. General Von Kluck was wounded at the western front by a bursting shell. His wound is not serious.

SOME COLONIAL GUESTS

The following strangers are stopping at the Colonial Hotel, the popular little "Gold Seal" house so prettily located on Magnolia street, owned and managed by Mr. and Mrs. H. C. Jones, namely: Dr. and Mrs. P. N. Crane and little son of Brooklyn, N. Y.; Mr. and Mrs. G. C. Edmunds, Mr. and Mrs. G. T. Ward of Aurora, Ill.; Mr. and Mrs. McGary of Elizabethtown, Ky.; Florence L. Van Wagoner of Poughkeepsie, N. Y.; Mrs. M. C. Freeze of Highlands, N. Y.; Mrs. Denning of New York City; Mr. and Mrs. J. W. Williams of New York; Messrs. N. T. Mitchell and N. R. Dehon of Albany, Ga. Most of these guests, upon leaving the city, will go out via the Silver Springs Daylight Route.

Saturday the Griner Farm school, five miles out on the Anthony road, concluded a successful school year, with appropriate exercises and picnic dinner from which the citizens of the community and many from nearby vicinities assembled. Mrs. Bassett and Miss Crago, the teachers were the recipients of many deserved compliments on their record for the year. Splendid addresses were made by Prof. Spencer, of the University of Florida, Mrs. J. R. Moorhead, county canning club agent, Mr. S. J. McCully, corn club agent, and Mr. H. C. Brinson, superintendent of public instruction. This school enjoys the distinction of being the first in the county to organize a canning club and Mrs. Moorhead invited the club members to hold their April meeting with her. The invitation was unanimously accepted. A special feature of the day was the singing of the club song, written by Mrs. Cason of Oak.

WEAVER DOING GOOD WORK

Dr. R. T. Weaver, state organizer of the Florida Marketing Bureau, met with the Hernando Truckers Association at Brooksville Saturday, and quite a few of the truckers of that section joined the bureau.

Dr. Weaver says that the growers of that section are very enthusiastic on the proposition of a joint movement toward the better marketing of their products.

While in Hernando county Dr. Weaver visited the farm of Dr. Bystra, located a short distance east of Brooksville, and says that for real scientific farming he has not seen its superior anywhere. Hundreds of acres of green fields of 60 to 80 acres each are being cultivated; fruit trees by the thousands are being planted; live stock of every kind is to be found on the place and could not look finer; all the machinery used is of the very best that can be secured for economically cultivating the soil and harvesting the crops. He says that Dr. Bystra does not waste time "cultivating" stumps, as every one has been removed from his farm.
